Short- and long-term rental solutions

beMatrix[®]
reInventing stand building systems

Every beMatrix solution within reach

You want each of your projects to be unique and outstanding with a **minimum of investment**? You want to grow your business internationally without paying to ship pallets with frames to the other side of Europe unnecessarily? Or how about designing experiences for your clients **without being limited by the limits of your stock**? In each case, the Global Rental Network is your answer. Our beMatrix Service Centres store a large range of frames, lighting and other beMatrix solutions to support you. We deliver anywhere with all the requisite care and urgency.

Short- or long-term rental

We offer two different renting options so you get a **beneficial price** and, maybe even more interesting, a **spread of the costs** for your beMatrix project.

Renting on **short term** has a run time of maximum three weeks. The condition to rent on **long term** is a minimal run time of six months. Both rental plans can also be combined, according to your specific needs. Contact us now for your personal rental solution. Your account manager will help you to decide what the best option is according to the type of products you need.

Enjoy our products

After the event, pack and stack our products the same way as we delivered them. Notify us when you want to deliver, or when we should organise a pick up service.

// As a new enterprise entering an already crowded space we need our business to be 100% client focussed, nimble and able to add value at every point. The beMatrix rental hub in the UK makes this happen. The team at beMatrix UK provide us with invaluable product knowledge and support. Above all they're a joy to work with and genuinely understand the value of partnership. //
